

Top 10 Reasons to Buy RouteMatch

- **Customer Focused** – We are 100% focused on customer satisfaction, providing the best support system in the industry.
- **Proven Software** – Delivering a user friendly, intuitive software application creating productive and profitable operation.
- **First Choice** – Over 260 savvy transit agencies have chosen RouteMatch, making us the fastest growing major vendor in this space.
- **Scalability** – We cover the range of needs from small to medium and the large sized agencies, with highly configurable software. We grow with you as you grow with your community.
- **ITS Solutions** – Our AVL/MDC module, RouteMatch Notification Module and other offerings are exceptional and address all of your ITS requirements.
- **GIS Data Set** – Real street network scheduling algorithms have all the power and features that you need to save you money everyday.
- **Smart Business Solutions** – Our philosophy is that software should map your business and not the other way around. Our Implementation staff understands and delivers on this promise.
- **Customer Feedback** – We value input from our customers and constantly strive to improve our software which helps all our customers.
- **RouteMatch Team** – We have an incredibly impressive team of individuals who are focused, just the right size and operate only in the U.S.
- **Market Presence** – We are in over 40 states and know virtually every billing requirement and reporting need a customer may have.
